

Dear Parent / Carer

National School Breakfast Programme

We have some really exciting news to share with you!

From **Monday 12th November 2018**, we are launching our involvement in the National School Breakfast Programme. You may have heard of this or seen it in the media. The aim of the programme is to ensure that no child starts the school day too hungry to learn. Funding for the programme comes from the Department for Education and is being delivered by a partnership of two charities: Family Action and Magic Breakfast.

The programme provides free breakfasts for any children in the schools that have chosen to take part. The programme is running for 4 terms. During this time, we will be offering portions of **free breakfast bagels to any child in our school who would like them**. These bagels will be served in quartered pieces in classrooms so that children can simply help themselves as they enter their classes each morning. Children will ideally have already had their breakfasts at home, these bagels are an additional little extra for those who would like them. For any child who has missed breakfast, these bagels will help to keep them going until their break or lunch time.

Occasionally, we will also be taking bagels out on to the school playground so that children and families are able to enjoy a lovely bagel as they arrive in the morning. Please do come and try one if you would like to. You would be very welcome!

We believe that we are one of the first primary schools in the local area to be offering these free breakfast bagels and are really looking forward to helping our pupils get a great healthy and nutritious start to their day! If you would like to know more about this programme, please do just ask.

Please see the next page for information about ingredients and allergy advice.

families

Delivering the National School Breakfast Programme

The local press may want to cover the launch of this programme and visit school to talk to teachers and children. In the case that they wish to quote or photograph any pupils we will seek consent at the time.

Allergy Advice

The bagels contain wheat flour, water, wholemeal flour, sugar, salt, yeast and malt.

Allergens: wheat flour (**gluten**), wholemeal flour (**gluten**)

Advisory note: the bagels are made in a factory which uses milk products, contains wheat gluten and yeast and contains **sesame seeds**.

If your child has a dietary intolerance or allergy that means that they should not eat these bagels, please can you inform the school using the slip below. Thank you.

Yours sincerely

Mrs D Broadhurst
Headteacher

National School Breakfast Programme

Child's name: _____ **Class** _____

**My child is unable to eat the bagels provided as they have an allergy / food intolerance.
Please provide details below**
